Engineered for Occupational Safety

Moving beyond basic cleaning, Clean Sweep compounds provide a triple-action defense against industrial hazards.

Dust Suppression
Reduces airborne silica and particulate matter by encapsulating dust on contact, preventing hazardous inhalation during routine maintenance.

Fire Mitigation
Our non-combustible formulations prevent the buildup of combustible dust, a primary cause of secondar explosions in industrial facilities.

Slip Resistance
Maintains floor integrity by effectively removing floor oils and grease alongside fine particulates, reducing risk of workplace falls.

Green Sweep

When pushed in front of a broom, sweeping compound gathers debris and prevents dust from becoming airborne and resettling. Clean floors without breathing irritable dust while sweeping. Available in four sizes, each brightly colored in red or green.

Formula: Recycled; non petroleum
100% USDA certified made from recycled content. Contains no petroleum ingredients and perfect for the environmentally conscious. Safe for all floors and performs as well as traditional petroleum oil base sweeping compounds. Available with or without sand.

USDA CERTIFIED BIOBASED PRODUCT

Packaging	Pallet Qty	Item #
50 lb. box	48	G2100G
100 lb. box	24	G2110G
100 lb. drum	16	G2120G
300 lb. drum	4	G2150G
