Engineered for Occupational Safety

Moving beyond basic cleaning, Clean Sweep compounds provide a triple-action defense against industrial hazards.

Dust Suppression
Reduces airborne silica and particulate matter by encapsulating dust on contact, preventing hazardous inhalation during routine maintenance.

Fire Mitigation
Our non-combustible formulations prevent the buildup of combustible dust, a primary cause of secondar explosions in industrial facilities.

Slip Resistance
Maintains floor integrity by effectively removing floor oils and grease alongside fine particulates, reducing risk of workplace falls.

Wax Base Sweeping Compound

When pushed in front of a broom, sweeping compound gathers debris and prevents dust from becoming airborne and resettling. Clean floors without breathing irritable dust while sweeping. Available in four sizes, each brightly colored in red or green.

Formula: No-sand; wax base
Conditions as it cleans. Use on painted and varnished floors, tile, terrazzo, wood, concrete and waxed floors. Great for keeping finished floors looking their best. Use in schools, churches, museums, gymnasiums and all fine floors. Available in red and green.
