Engineered for Occupational Safety

Moving beyond basic cleaning, Clean Sweep compounds provide a triple-action defense against industrial hazards.

Dust Suppression
Reduces airborne silica and particulate matter by encapsulating dust on contact, preventing hazardous inhalation during routine maintenance.

Fire Mitigation
Our non-combustible formulations prevent the buildup of combustible dust, a primary cause of secondar explosions in industrial facilities.

Slip Resistance
Maintains floor integrity by effectively removing floor oils and grease alongside fine particulates, reducing risk of workplace falls.

Regular Sweeping Compound

When pushed in front of a broom, sweeping compound gathers debris and prevents dust from becoming airborne and resettling. Clean floors without breathing irritable dust while sweeping. Available in four sizes, each brightly colored in red or green.

Formula: Sand; oil base
Sand acts as an abrasive to loosen dirt that may be stuck on work floors. Ideal for unfinished wood and concrete floors. For use in the construction industry, warehouses, boat yards, factories, garages and anywhere heavy-duty cleaning is a must. Available in red and green.

Packaging	Pallet Qty	Item #
50 lb. box	48	S2100G
100 lb. box	24	S2110G
100 lb. drum	16	S2120G
300 lb. drum	4	S2150G

Packaging	Pallet Qty	Item #
